There are no special storage requirements but the product should be stored safely, out of reach of children and not together with food, animal feeding stuffs, medicines, etc.

8. Exposure controls/ personal protection

Precautions for use

The product should be used under well ventilated conditions.

Respiratory protection

Not required.

Gloves and protective clothing

Plastic or rubber gloves recommended.

Eye protection

Wear safety goggles if there is a risk of eye splash.

Occupational exposure limits

Contains no substances subject to reporting requirements.

9. Physical and chemical properties

Appearance: Liquid

Odour: weak

pH (concentrate): 8,5-9,5

Relative density (g/ml): 1,25

Solubility in water (g/100 ml): 100

10. Stability and reactivity

The product is stable when used in accordance with the supplier's directions.

11. Toxicological information

Acute

Inhalation

The product does not release hazardous vapours.

Ingestion

Ingestion may cause discomfort.

Skin contact

None

Eye contact

Temporary irritation.

Long-term effects

None known.

12. Ecological information

Avoid discharge to drain or surface water.

Ecotoxicity

By analogy to similar products, the product is not expected to be toxic to aquatic organisms.

Mobility

The product has low mobility in soil.

Persistence and degradability

The product is easily degradable in the aquatic environment.

Bioaccumulative potential

The product does not accumulate in the organism.

13. Disposal considerations

Not considered as special waste according to Commission decision as regards the list of wastes 2001/118/EC. Contact the local authorities.

Absorbing solution polluted with the product:

EWC code: 15 02 03 Absorbents, filter materials, wiping cloths and protection clothing other than those mentioned in 15 02 02.

14. Transport information

The product is not covered by the rules for transport of dangerous goods by road and sea according to ADR and IMDG.

15. Regulatory information

Hazard designation: It has been assessed that the product need not be classified according to the national classification and labelling rules.

Contains

Contains no substances subject to reporting requirements.

Other labelling

None.

Volatile organic compounds (VOC):

This product contains a maximum of 40 g VOC/L. The limit value is 40 g VOC/L (cat. A/c) 2010

Chemical safety assessment

Chemical safety assessment has not been performed.

16. Other information

Restrictions on use

None.

Training requirement

No special training is necessary but a thorough knowledge of this safety data sheet is assumed.

Sources used

Approved Supply List (seventh edition): Information approved for the classification and labelling of substances and preparations dangerous for supply. Chemicals (Hazard Information and Packaging for Supply) Regulations 2002.

Transport regulations for ADR 2003 edition and IMDG 2003 edition.

Commission decision as regards the list of wastes 2001/118/EC.

Other information

This safety data sheet was prepared from information provided by the supplier about physical/chemical properties and all ingredients in the product.
